

# I earn £490 per week... but I learn much more than I earn!

This job is quite different from other jobs, partly because you are working, one to one, using your own initiative and also because you will be living in someone's home. It is a 24/7 job, not a 9-5 job and whilst anybody can do it and no experience is necessary, it requires specialist training.

People who do the job and who may have worked previously as butchers, hotel managers, secretaries or in Tesco, say – 'not only do I get to work with great people but I have real job satisfaction in knowing that what I do really makes a difference to someone else's life ' and you get the chance to see what people with a spinal injury can do, not what they can't do.'

## To apply you must:
